

Embassy of Federal Republic of Germany, Med-Enec organize
'Energy Efficiency Day' along with Buildex 2009

April 05 - 2009

The Med-Enec project, supported by EU and executed by the Germany Technical Cooperation GTZ, aims to improving energy efficiency and the use of the renewable energies in the construction sector in the MEDA countries.

Important partners for reaching this goal are business stakeholders. Med-Enec will organize an 'Energy Efficiency Day' at the International Exhibition for Construction - Buildex 2009.

Examples of energy efficiency in the construction sector will be presented and discussed by EU and MEDA country experts. Companies' presents at the fair will give an overview on their energy efficiency portfolio.

Participants at the International Exhibition for Construction - Buildex 2009 are invited to register for the event Free of Charges.

Registration and enquiries can be done by sending an e-mail with company name and affiliation to Arabian Group for Exhibitions & Conferences.
