

Environmental Projects Bag Dh1.3 Million in Prizes

13 May 2009

DUBAI — Prizes totalling Dh1.3 million were awarded to projects around the world which demonstrate innovative solutions to fighting climate change.

Dubai Municipality announced that 12 projects in countries ranging from Congo to the US, would each get an award worth Dh110,000.

The awards come as part of the Dubai International Award for Best Practices to Improve the Living Environment.

They were presented by Chairman of the Municipality and Deputy Ruler of Dubai and UAE Finance Minister Shaikh Hamdan bin Rashid Al Maktoum on Monday.

Also present at the ceremony were representatives from the United Nations Centre for Human Settlements.

The Dubai International Award for Best Practices first started in 1995 and has since been presented seven times, with 65 winners.
