VENUE, DATE & TIME
 Grand Hyatt,
 Muscat, Oman.

 On 06/10/2010
 8:30 am – 5:00 pm

COURSE FEE
 Before 20/09/2010:
 \$xxx

 On or after
 21/09/2010: \$xxx

DESCRIPTION

Gain essential knowledge of the LEED BD+C rating systems, including credit intents, key elements, main requirements, and referenced standards; synergies among credits; and foundations of the LEED certification process, including basic documentation considerations. This workshop addresses the following LEED rating systems: LEED for New Construction & Major Renovations, LEED for Core & Shell, and LEED for Schools. Throughout the day, LEED® Faculty™ engage you in discussions and interactive activities based on real LEED projects to enforce what you've learned. LEED 201: Core Concepts & Strategies is recommended prior to taking this course. This is a full-day, USGBC Faculty-led course.

OBJECTIVES

- RECOGNIZE** the unique aspects of the BD+C rating system family, and differences between each rating system (NC, CS, and Schools) within this family
- IDENTIFY** the minimum program requirements for the BD+C rating systems
- DESCRIBE** the goal, intent, and requirements of BD+C prerequisites and key credits
- IDENTIFY** synergies between BD+C credits
- PLAN** for key considerations and requirements for the LEED certification process

WHO SHOULD ATTEND

Professionals (architects, engineers, construction managers, contractors, developers, attorneys, etc.) already familiar with the core concepts of LEED; individuals pursuing GBCI's LEED AP BD+C credential; LEED APs following the prescriptive path; LEED APs looking to brush up on the BD+C rating systems.

FACULTY

Mario Seneviratne, *FIMechE, PEng*
 LEED AP (BD+C), LEED® Faculty Member

Please see attached faculty profile.

DELIVERABLES

- A. This course meets GBCI eligibility requirements for the LEED Green Associate Exam.
- B. Educational Handouts – Participant Workbook
- C. Certificate of Completion from USGBC
- D. Reduced rate on LEED Reference Guide(s)
- E. GBCI Credential Maintenance – 7 CEUs
